PROJECT OVERVIEW

- C++ based hall management system for smooth operations between students and authority
- Secure data handling with easy menu-driven navigation.
- Students can view hall details, payment status, room info, and complaint status.
- Authority can allocate rooms, update hall info, and manage student records.

KEY FEATURES

User Authentication System

The system provides secure authentication for both students and administrators - ensuring role based access control. A password recovery mechanism is also included.

Student And Admin Features Management

Students can:

- View Profile
- View hall dues, room numbers and other details from profile
- Update Information (email & contact)
- File complaint & view the status
- Log Entry / Exit

Admin can:

- Manage Students
(Add/Remove/Edit/View information)
- View all students, complaints, entry/exit information.
- Update complaint status
- View total students, complaints (resolved/pending), hall dues etc.

ACTIONS TAKEN BASED ON THE FEEDBACK

Feedback:

- Incorrect Timeline
- Features should be planned more granularly

Previous One:

	W1	W2	W3	W4	W5	W6	W7	W8	W9	W10	W11	W12	W13	W14
Idea Implementation														
Implementation Authority														
Implementation Students														
Documentation														
Debugging & testing														

REVISED TIMELINE

	W1	W2	W3	W4	W5	W6	W7	W8	W9	W10	W11	W12	W13	W14
Idea Presentation														
Class Identification														
Implementation Authority														
Implementation Students														
Admin Dashboard, Worker Assignment & System Completion														
Documentation														
Debugging & testing														

CURRENT STATUS

	W1	W2	W3	W4	W5	W6	W7	W8	W9	W10	W11	W12	W13	W14
Idea Presentation														
Class Identification														
Implementation Authority														
Implementation Students														
Admin Dashboard, Worker Assignment & System Completion														
Documentation														
Debugging & testing														

OUR PROGRESS

- Implemented Authentication feature (Admin, Students)
- **Implemented Student features:**
 1. View Profile
 2. Update Email & Emergency Contact
 3. File a Complaint and View Status
 4. Log Entry / Exit
 5. Password Reset
 6. Check Hall Dues from Profile
- **Implemented Admin features:**
 1. View Total Students, pending hall dues, complaints, entry and exit from dashboard
 2. View all students
 3. View all complaints
- Documentation is being prepared alongside the development.
- Testing and debugging are being performed regularly to ensure proper system functionality.

DEMONSTRATION

Thank you

Please feel free to ask any questions
&
provide suggestions.
